Dear Nova and Susanna,

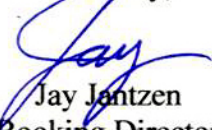

Thank you for coming to Central Oregon and casting a spell on our audience. We have been presenting for quite a few years, and it is always very evident when we hit the sweet spot. You certainly hit that sweet spot with your vocal abilities, personalities, presence, and choice of music. In your first few minutes on stage, you connected with the audience. As presenters, we love to see that!

As you may recall, it was my personal goal to bring you to our venue and our subscribers. I consider it a feather in my cap to have facilitated such a wonderful concert.

It would be my honor to recommend Bella Sorella to any presenters that would care to contact me.

I believe I can safely say that everyone involved with the Redmond Community Concert Association wishes you the very best in the future.

Sincerely,

Jay Jantzen
